9. What data do I get back?

You will receive topline information that includes Data highlights, Net Promoter score, Industry benchmarking and survey questions breakdown.

To enhance your reporting and insight, however, to help you really understand how your employees are feeling and what next steps you should take, you can add, for £3,000, a granular data analysis package, 'slice and dice'. You will not only get a detailed analysis of the results, but also action plans and resources to drive the change in your organisation. You can add 'slice and dice' during the purchasing process or later after the survey has gone live.

10. Are the surveys anonymous?

Yes, the surveys are completely anonymous

11. What are the survey questions?

The survey questions are centred about employee wellbeing at the workplace. If you need more information about the specific questions please contact us on workplaceawards@workl.co

12. When do entries open and close?

The entries are now live and close on 17th March 2023. All surveys will have to close on 17th March 2023 the latest.

13. How can I measure my response rate?

When setting up your survey, you will be asked to include the actual number of employees that your organisation has. This will ensure that your response rate is accurate. You will be able to track your response rate live in the survey dashboard.

14. How long should my survey be open for?

We recommend that you keep the survey open as long as possible to allow for as many employees as possible to take it and increase your chances of qualifying. The survey must close on or before 17th March 2023.

15. What is the entry process/what is required from my organisation?

- Select the package based on the size of your organisation
- Set up the survey/add an introduction to explain to your employees why they have been asked to complete the survey
- Set up a start and end date: the longer you keep your survey open to better chance you have to qualify
- Enter payment details or generate an invoice
- Go to **Live surveys dashboard** and copy a link to the survey which you can then send to your employees
- Once your survey finishes you will have an access to your own individual results/dashboard

16. How can I share the survey with my employees?

Once you have set up your survey, the system generates an unique shareable link that is available from the live surveys dashboard and can be forwarded to individuals. You can create a QR code for anyone who does not have an email address by entering the survey link into one of many available free QR code generators available online.

17. Is there a data security risk when I forward the shareable link?

Anyone who has the unique link can complete the survey; the survey link will automatically stop working once the survey submission has reached the number of employees in your organisation. Whoever has the link however can only complete the survey. They do not have access to the results, dashboard or any other information associated with the link therefore there is no risk of data security breach when sharing the link with your employees.
